

TECHNICAL DATA SHEET

Product Designation: PVC APRON

Product Code: 100063070388

Material Composition: PVC FOOD GRADE

Toxicological information: The fibre is non-toxic

Possible Dangers: combustible

Emergency measures: In case of inhalation of smoke and burn, consult with doctor.

Ecological information: Ecologically safe

Stability: Corrosion resistance of chemical well

Solubility: Insoluble in water and organic solvents.

Stability: Corrosion resistance of chemical well

Reactivity: Long lasting intensive irradiation will cause a change in color and a decrease of tenacity.

Characteristics: Flexibility and extensibility, transparency, electrical insulation and processability

Colour: white

Size: 120cm x 80cm

Style: with air holes and with 3 ties to use conveniently

Grade: food business, catering industry

Remark: our factory has the certifications of CE, FDA, ISO9001:2008, GB/T28001-2001, ISO14001:2004
