XIBU senseSEATCLEANER [white]

Toilet seat disinfection dispenser

Product name: XIBU senseSEATCLEANER [white]
Product range: washroomHYGIENE | Disinfection

Product description:

Contactless dispenser for disinfecting and foam cleaning of toilet seat. With adjustable dispensing amount, auto-stop, cleaning button, dip-free with reserve tank for up to 100 portions. Electronically controlled filling level and battery status, illuminating ring to display operational status, single-handed cover opening, lockable, available in decor white and black. Housing made of material resistant PE plastic.

Field of application | use:

The simple removable shrinkable vacuumBAG and the reserve tank form the air-tight soap container. The performance of the dispenser and the quality of its contents remain unaffected by water splashes or not operated for a longer time.

Dimensions:

H x W x D: 23 x 12.8 x 10.7 cm

Installation:

Mounting with double-sided tape already attached. Recommended placement behind the toilet, next to the rinse button.

Product recommendation:

Supplements for the perfectly equipped toilet: XIBU TISSUEPAPER - the toilet paper dispenser and XIBU sanitaryBAG - the dispenser for disposal of sanitary protection of women.
